

OHSAS 18001 is an Occupation Health and Safety Assessment Series for health and safety management systems. It is intended to help an organization to control occupational health and safety risks. It was developed in response to widespread demand for a recognized standard against which to be certified and assessed. Essentially, OHSAS helps in a variety of respects... it helps: minimise risk to employees/etc.; improve an existing OH&S management system; demonstrate diligence; gain assurance; etc. The benefits can be substantial.
